Que mediante auto No. 2023012225 del 15 de noviembre de 2023 el INVIMA informa al interesado que una vez revisado el expediente y para continuar con el trámite solicitado debe cumplir con los siguientes requerimientos:

1. *Verificando la información aportada, se informa que el material de OTS reportado en el presente trámite, contiene diferentes zonas anatómicas tales como: (Pelvis), (Miembros superiores y miembros inferiores) y (Maxilofacial), por lo tanto, no podrá ser amparado bajo un único Registro Sanitario toda vez que presenta diferentes indicaciones de uso en cuanto a las regiones anatómicas para las cuales ha sido diseñado; dicho esto se requiere allegar el formulario corregido en el sentido de excluir todas las referencias que no compartan la misma clasificación de riesgo, el mismo uso y región anatómica. Tomando como base el concepto de la ACTA No. 7 de agosto de 2018 de la comisión revisora de la sala especializada de dispositivos médicos y reactivos, en la cual recomienda clasificar el material de osteosíntesis por regiones anatómicas para la solicitud de Registro Sanitario, de la siguiente forma: "Material de osteosíntesis de cráneo " Material de osteosíntesis maxilofacial " Material de Osteosíntesis de miembros superiores e inferiores "Material de osteosíntesis de columna " "Material de osteosíntesis de tórax " "Material de osteosíntesis de pelvis" Por lo cual se debe tramitar un registro sanitario para cada tipo de material de osteosíntesis según la región anatómica en particular.*

2. *Dicho lo anterior deberá Allegar formulario corregido en el cual se realice solicitud de un solo producto, según su clasificación anatómica: (Pelvis, Miembros superiores y miembros inferiores, y Maxilofacial) toda vez que la información aportada es conforme para cualquiera de los sistemas presentados, por tanto, deberá excluir uno de ellos para continuar con el proceso de renovación del registro sanitario vigente.*

3. *Aportar declaración emitida por el fabricante en la que aclare y justifique que el producto corresponde a un SISTEMA o KIT, indicando el nombre del producto y nombre genérico del mismo, especificando los modelos y/o referencias que hacen parte del sistema (con su respectiva descripción). Cabe señalar, que un sistema es el "conjunto de dispositivos INTERDEPENDIENTES que interactúan entre sí para realizar una actividad, que solo pueden adaptarse al producto al que pertenecen y que ninguno de ellos puede ser reemplazado por otro. acorde al artículo 28 del decreto 4725 de 2005 "Amparo de varios dispositivos médicos en un mismo registro sanitario".*

4. *De acuerdo a esto, se solicita corrección del formulario en donde se evidencie el cambio de nombre del producto que se encuentra en estudio, (Pelvis, Miembros superiores y miembros inferiores, y Maxilofacial) así como sus indicaciones y uso donde debe coincidir la descripción de la indicación de uso general del producto con la ficha técnica aportada por el fabricante, todo caso que en la documentación aportada se evidencia de manera errónea información de indicaciones de uso para cada una de las familias y/o referencias descritas en el formulario. Lo anterior puede evidenciarse en los folios (376 - Tornillos, 379 - Placas, 421 - Instrumental, 432 - Sistemas de Placas Oseas, 444 - Sistema de Clavos Intramedulares, entre otros) donde se soportan varias indicaciones de uso, las cuales no son acordes a la descrita en el ítem de "INDICACIONES Y USO" del formulario radicado.*

5. *Aportar formulario corregido en el ítem de "PRESENTACIÓN COMERCIAL" las presentaciones comerciales teniendo en cuenta que este debe registrar número de unidades/contenido por empaque/ envase como el fabricante y/o importador comercializan el producto al mercado. Lo anterior se solicita por cuanto no se*

evidencian la Presentación comercial SET quede debe tener descrito además su contenido. Ejemplo: SET (1 tarraja, 1 destornillador, 2 brocas, 3 guías, 10 pinzas) etc.

6. *Allegar corregido el formulario ya que, al verificar el certificado de venta libre aportado con la solicitud, se evidencian (familia, código y/o referencia y descripción). Lo anterior se solicita debido que las referencias y su descripción como están consignadas en el formulario presentado no se encuentran debidamente diligenciadas y no son coincidentes con las etiquetas suministradas de fábrica, que se encuentran en los folios 801-810. Ejemplo: familia: anatomical metal bone plates; Modelo: JPTZ (Q) 01; Referencia: Medial proximal tibia T-Plate; Descripcion: Holes 3-20 x Length (mm) 16-380 Width (mm) 5-50 Thickness (mm) 0.5-9. Se aclara que dichas referencias deben estar declaradas en el formulario tal y como se encuentran el CVL aportado.*

7. *Se solicita realizar corrección del sticker del importador acorde al punto 3 del presente auto de requerimiento, teniendo en cuenta el nombre final determinado para el producto que se asocie al registro sanitario.*

8. *Allegar etiquetas del fabricante acorde al producto con el cual se continuará el trámite renovación del registro sanitario (Pelvis), (Miembros superiores y miembros inferiores), o (Maxilofacial) teniendo en cuenta las referencias correspondientes al material de osteosíntesis, acorde al punto 1 del presente auto de requerimiento, a partir del artículo 18 literal g) del Decreto 4725 de 2005.*

9. *Allegar los certificados de venta libre debidamente apostillados o consularizados y legalizados ya que el sello de apostille que se aporta valida a un notario de HONG KONG (LIU PAK YIN) quien no es el funcionario que suscribe el certificado de venta libre aportado. Tenga en cuenta que el sello de apostilla valida el cargo y la firma del funcionario que emite el certificado de venta libre, por lo tanto, en este caso en particular el notario no es el funcionario que suscribe el certificado y por el contrario está validando una copia, pero no el contenido del mismo. En el caso que HONG KONG se encuentre autorizado para apostillar los documentos emitidos por los diferentes distritos de China (en este caso Tianjin), deberá allegar prueba de dicha situación emitida por la autoridad competente para hacerlo. En el caso que el certificado de exportación no se pueda APOSTILLAR deberá proceder a consularizarlo en Tianjin y legalizarlo en Colombia.*
